

Habakkuk 1:5-11

Listening Guide - Week 3

Where We Are

- Week 3 in Habakkuk - today God answers the first complaint.
- The book is a back-and-forth: Habakkuk complains, God answers. By the end the situation hasn't changed, but Habakkuk's _____ has.
- His complaint grew out of a false reading of reality - God felt idle and absent.

I. The Grace of God in Words

- God was not _____ to answer Habakkuk at all - that He speaks anyway is _____.
- Reason 1 - He answers for His name's sake: to affirm that He is faithful.
- Reason 2 - He is using this moment to call His people to _____.
- 2 Chron 36:15-16 - God "sent persistently... but they kept mocking... until there was no remedy."

II. The Faithfulness of God at Work

- "I am doing" is _____ tense - God was already at work the whole time.
- The problem wasn't that God wasn't working - Habakkuk looked in the wrong place: "look among the _____."
- The echo (Exodus 34:10) - same covenant words: in Exodus the work brings Israel IN (rescue); here the same words mean _____ (Israel sent out).
- The covenant cuts both ways - blessing for faithfulness, curse for unfaithfulness.
- The work: "I am raising up the _____" - Babylon, the terror of the known world.
- v.9 - "they all come for _____" - the very thing Habakkuk cried out against.
- v.11 - "guilty men, whose own _____ is their god." They are the tool, not the point.

Discipline, Not Condemnation

- There is a world of difference between condemnation and _____.
- Hebrews 12 - "the Lord disciplines the one he loves... it yields the peaceful fruit of righteousness."
- Sometimes hard things are just the fall - but sometimes they are the loving hand of a Father.
- Jer 29 - after 70 years, "I will bring you back... a future and a hope." Discipline has an end: restoration.
